

SMART CLASSROOM REFERENCE GUIDE

Using the Projector

1. Tap '**Press Here to Begin**' on the Crestron Touch Panel.
2. Next screen will ask '*Do you wish to use the projector?*' Tap '**Yes**'.
3. Select the source (Computer, DVD/VCR, Doc. Cam) from the buttons on the left.

ADJUSTING VOLUME

1. Tap '**Volume**' button located at the bottom of the Touch Panel.
2. The volume controls will appear on the right side. Adjust as desired.

USING A LAPTOP

1. Connect the cable labeled **Laptop Display** (located on the podium) to Laptop.
2. If sound is needed: Insert **Laptop Audio** cable into Laptop's headphone jack.
3. On the Touch Panel: Tap '**Computer**' from the source menu.
4. Tap '**Laptop**' from the menu that will appear on the right.

CONNECTING TO WIRELESS

1. Using Laptop: Right click on the wireless network icon in the taskbar and choose "**View Available Wireless Networks**"
2. On the "Wireless Network Connection" page choose "**airnet**" and click "**connect**".
3. If it does not connect right away click remove the "airnet" configuration by:
 - a. Click on "**Change advanced settings**" under the "Related Tasks" tool pane on the left hand side.
 - b. Highlight the "**airnet**" network in "Preferred networks" section and click on the "**Remove**" button.
 - c. Click "OK" and try connecting again.
4. When connected, open **Internet Explorer**. It should give you a warning concerning a problem with the security certificate. This is normal. Click on "**Continue to this website**"
5. The next page is the wireless log in page. Enter the log-in information.

TURNING OFF SYSTEM

1. Tap '**End Session**' in the lower right corner of the Touch Panel.
2. Next screen will ask 'Are you sure?' Tap '**Yes**'.
